JB GERMAN OIL Hypoid-Getriebeöl GL5 SAE 85W-90

J2121

Description

JB GERMAN OIL Hypoid-Getriebeöl GL5 SAE 85W-90 is a hypoid gear oil with a mineral oil basis with special high-pressure additives for manual gearboxes. The optimal gear lubrication in all temperature ranges is guaranteed by the high pressure-absorption capacity. JB GERMAN OIL Hypoid-Getriebeöl GL5 SAE 85W-90 ensures a stable oil film for lubrication even under extreme conditions. It reduces friction and prevents wear and corrosion.

Instructions for use

JB GERMAN OIL Hypoid-Getriebeöl GL5 SAE 85W-90 can be used in winter and summer operation. Its universal application reduces the risk of confusion and simplifies warehousing. The well-balanced additive combination guarantees properties such as high pressure absorption capacity, above-average viscosity-temperature behavior, high oxidation stability, low pour points good wear protection and sludge-free properties.
