J2131

DIN EN ISO 12185:1997-11

ASTM D 7346:2015

## Description

JB GERMAN OIL Hypoid-Getriebeöl TDL SAE 80W-90 is a hypoid gear oil with a mineral oil basis with special high-pressure additives for manual gearboxes. The optimal gear lubrication in all temperature ranges is guaranteed by the high pressure-absorption capacity. JB GERMAN OIL Hypoid-Getriebeöl TDL SAE 80W-90 ensures a stable oil film for lubrication even under extreme conditions. It reduces friction and prevents wear and corrosion.

## Instructions for use

Density at 15°C

Pour Point

JB GERMAN OIL Hypoid-Getriebeöl TDL SAE 80W-90 can be used in winter and summer operation. Its universal application reduces the risk of confusion and simplifies warehousing. The well-balanced additive combination guarantees properties such as high pressure absorption capacity, above-average viscosity-temperature behavior, high oxidation stability, low pour points good wear protection and sludge-free properties.

Quality classification			
Specification			
• API GL-5		• MIL-L-2105 D	
• NATO O-226		• SAE J2360	
Recommendation			
• MAN 342 Typ M1, MAN 342 Typ M2		• VOLVO 1273.10	
• SCANIA STO 1:0		• ZF TE-ML 05A/07A/12E/16C/17B/19B/21A	
Properties			
<ul> <li>Very good oxidation stability</li> </ul>		Good resistance to aging	
<ul> <li>Excellent viscosity-temperature characteristics</li> </ul>		<ul> <li>Protection against rust &amp; corrosion, attack on non-ferrous metals</li> </ul>	
Wear protection
