JB GERMAN OIL K2K-30

Mehrzweckfett K2K-30 is based on high quality basic oils with lithium soap (Li-12-hydroxystearate) as thickening agent. These provide excellent work resistance stability. Furthermore, **Mehrzweckfett K2K-30** contains ingredients improving the rust and corrosion protection.

Practical advantages:

Mehrzweckfett K2K-30 is designed as a universally applicable grease. Our product has been tried and tested in many cases. It is used as a friction and roller bearing grease on lubricating points of motor vehicles, lorries, industrial machinery, conveyors, building machines etc.
